

2. LABORATORIES

Sr. No.	Laboratory	List of major equipment	Remark
1	UG Laboratory	P ^H meter, EC meter, Tensiometer, Trapezoidal weir, 'V' notch, Rectangular weir, Current water meter, Screw auger, Posthole auger, Infra red thermometer, hygrometer, gypsum block, core sampler, double ring infiltrometer, seed museum, Weighing balance	Sufficient for U.G student
2	PG Laboratory	N-analyser, Flame photometer, Ultra visible Spectrophotometer, Soil moisture meter and leaf area meter, TDR, Porometer, Neutron probe, Pressure plate and pressure membrane apparatus, Infiltrimeter, Brix sacchrometer, Hand refractometer, Polarimeter, Lux meter, Global Positioning System	Sufficient for P.G. student
